```
mysql> select department_id,first_name ,last_name,salary from employees where salary  
not between 10000 and 15000 and department_id in(30,100) order by department_id asc;
```

## Assignment 3

2 rows in set (0.00 sec)

| department_id | first_name | last_name | salary |
|---------------|------------|-----------|--------|
| 30            | Robert     | Wilson    | 42000  |
| 100           | Mia        | Harris    | 58000  |

QUES 4:

```
mysql> select first_name ,last_name,hire_date from employees where hire_date ='2022-01-18';
```

1 row in set (0.00 sec)

| first_name | last_name | hire_date  |
|------------|-----------|------------|
| Sophia     | Anderson  | 2022-01-18 |

QUES 5:

```
mysql> select first_name from employees where first_name like '%b%' and first_name like '%c%';
```

2 rows in set (0.00 sec)

| first_name |
|------------|
| Jacob      |
| Cobra      |

QUES 6:

## Assignment 3

```
mysql> select last_name,job,salary from employees where job in('Programmer','Shipping Clerk') and salary not in(4500,10000,15000);
```

4 rows in set (0.00 sec)

| last_name | job        | salary |
|-----------|------------|--------|
| Smith     | Programmer | 50000  |
| Davis     | Programmer | 48000  |
| Anderson  | Programmer | 60000  |
| Jackson   | Programmer | 52000  |

QUES 7:

```
mysql> select last_name from employees where length(last_name)='6';
```

4 rows in set (0.00 sec)

| last_name |
|-----------|
| Wilson    |
| Taylor    |
| Thomas    |
| Harris    |

QUES 8:

```
mysql> select last_name from employees where last_name like '__e%';
```

2 rows in set (0.00 sec)

| last_name |
|-----------|
| coeman    |
| greet     |

## Assignment 3

QUES 9:

```
mysql> select job_designation from employees;
```

10 rows in set (0.00 sec)

| job_designation |
|-----------------|
| NULL            |
| NULL            |
| NULL            |
| NULL            |
| NULL            |
| NULL            |
| NULL            |
| NULL            |
| NULL            |
| NULL            |

QUES 10:

```
mysql> select first_name,last_name,salary,round(0.15 * salary) as PF from employees;
```

10 rows in set (0.01 sec)

| first_name | last_name | salary | PF    |
|------------|-----------|--------|-------|
| John       | Smith     | 50000  | 7500  |
| Alice      | Brown     | 45000  | 6750  |
| Robert     | Wilson    | 42000  | 6300  |
| Emma       | Davis     | 48000  | 7200  |
| Michael    | Taylor    | 55000  | 8250  |
| Sophia     | Anderson  | 60000  | 9000  |
| Daniel     | Thomas    | 47000  | 7050  |
| Olivia     | Jackson   | 52000  | 7800  |
| James      | White     | 75000  | 11250 |
| Mia        | Harris    | 58000  | 8700  |

QUES 11:

## Assignment 3

```
mysql> select first_name,last_name,salary from employees where last_name in ('BLAKE',  
'SCOTT', 'KING','FORD', ' Andorson ','White');
```

1 row in set (0.00 sec)

| first_name | last_name | salary |
|------------|-----------|--------|
| James      | White     | 75000  |
